Through

The Sanitary Engineer to Government, M a d r a s.

The Chairman, Municipal Council, Bellary.

R.C. C.L. 5296/48 dated 24--8--48.

Sir,

Sub:-- Establishment- Water works- Bellary Municipality- Sri. B.Guru- exemption from possession of required qualifications to hold the post of II grade Mechanical Driver at No. 1 well- Requested.

In submitting herewith a copy of Appointment Committee's resolution No. 25 dated 11-8-48, I have to submit that the following are the facts.

After the purchase of Military Booster station and No.1 well from the Military Department for pumping water to Ellipuram Jail and Special Armed Police at Cantonment, the Government were requested to accord sanction for the entertainment of a II grade mechanical driver at No. 1 well and the post was sanctioned in G.O. Ms. 2183 Edn & P.H. dated 23-6-47.

The post was advertised and no application was received. The Municipal Engineer therefore in his note dated 2-7-48 (copy enclosed) has recommended that Sri. B. Guru who has returned from Military Duty and who is working as Electrician of the Booster pumping station may be exempted from the possession of the required qualifications to hold the post as II grade mechanical driver.

The Service register and the certificate of Mr. B. Guru are enclosed for favour of reference.

I request that the Government may be pleased to exempt Sri. B. Guru from the possession of the prescribed qualifications to enable him to hold the post of II grade mechanical driver at No. 1 well.

C O M M I S S I O N E R.

DSR/28-9-48).

Copy of note of the Municipal Engineer, Bellary Municipality dated 2--7--48.

Sub:-- Water supply- entertainment- Booster station maintenance Report- Submitted.

Only one Electrician was able to manage well and promptly as long as the Municipal Booster station which is equipped only with two one H.P. motor and are small oil engine. After taking over of the Military Booster-station which is equipped with 3 oil engines and one motar, it is found very difficult to manage the entire system with one person. Immediately after taking over the Booster station from the Military, the post of a II grade Driver was got sanctioned so that pumping station can be maintained properly and with suitable shifts.

Through the post for II grade Driver has been advertised, no candidate applied for the same and hence the same was maintained with great difficulty for want of adequate staff all these months.

As it is, water has to be supplied to the Allipuram jail, Special Armed Police and the Military forces that are stationed at Cantonment (Allipuram jail premises) , water has to be pumped throughout the day ie from 6 A.M. to 7 P.M. apart from the emergency periods in the nights too.

Each shift duty driver is expected to work for 8 hours cohtinuously in a day and it may not be desirable to strain a single person for the whole period ie., 13 hours.

Since Sri. B. Guru has been permitted to rejoin duty as II Grade Electrician from 1-7-48 by ousting Syed Karim who is working since 4 years of the maximum strain , he may be permitted to work as II Grade Driver Mechanical and Syed Kareem as II Grade Electricia for which ~~kisxqmx~~ he is qualified to hold and is holding from past 4 years in anticipation of the sanction of the Sanitary Engineer and the Government for exempting Sri. B. Guru to possess the qualificatio prescribed for Driver mechanical.

In this connection, Syed Kareem has also given an undertaking that he is prepared to take the salary only after the Government sanction is obtained exempting Sri. B. Guru (enclosed).

Hence it is requested that Syed Karim may also be continued subject to the condition that he will be paid only if Sanitary Engine and Government approve the proposals.

In view of the circumstances stated above the maintainance of the Booster being essential the approval of the Chairman may also be obtained to same delay and to expedite the matter urgently.

Sd. D. Rama Rao, D/2-7-48.
Municipal Engineer.
